Remote: Available 3–5 days/week

Availability: As soon as possible

About

I develop web and SaaS applications that are performant, aesthetic and intuitive. Where many developers deliver "functional" interfaces, I go further by creating experiences that make users want to use your product — and come back to it.

As a front-end engineer with expertise in React, Next.js, TypeScript and Tailwind CSS, I excel at giving attention to detail, being reactive, and working independently or within teams. I also serve as a UI/UX designer and project manager.

Competencies

Keys: Web Developer, Front-End Developer, UI/UX Designer, Responsive Design, Agile.

Front-End: Git, NPM, React, Next.js, Vite, Vue.js, TypeScript, JavaScript, TailwindCSS, MaterialUI, HTML, CSS, Motion, Payload CMS, Auth0, ChatGPT, Cursor IDE.

Deployment: Vercel, Node.js, Docker.

Design: Figma, Pixelmator, ChatGPT.

Education

Google, Meta and TOEIC certifications | 2024

Build Dynamic User Interfaces (UI) for Websites, Advanced React and TOEIC English (900/990) certifications.

“Lumière” Lyon 2 University | 2021-2022

Web Project Management Bachelor Degree.

“Claude Bernard” Lyon 1 University | 2020-2021

IT Associate Degree.

Polytech Lyon | 2018-2020

Applied Mathematics preparatory classes.

Saint-Thomas d’Aquin-Veritas | 2011-2018

Scientific High School Diploma with honors.

Experiences

Independent | 2024-2025

Front-end Engineer & UI/UX Designer

- I. Design and development of high-performance React and Next.js SaaS solutions and web applications for diverse clients ranging from local businesses to enterprise corporations across multiple industries including AI, data analytics, and more.
- II. Implementation of various features in existing and complex projects.
- III. Implementation of innovative solutions to enhance user experience and optimize performance on existing complex projects.

Predictive Layer | 2022-2024

Principal Front-end Developer & UI/UX Designer

- I. Development of multiple React.js web applications to display AI-generated data for Predictive Layer (TotalEnergies' property).
- II. Participation in both design and development processes and collaboration with a back-end engineer.
- III. Remotely employed contractor through an umbrella company.

Influactive | 2021-2022

Full-stack Engineer

Integration and maintenance of various JavaScript functionalities to enhance user experience and tracking in fully customized WordPress websites.

Testimonials

Mohamed Bibimoune

TotalEnergies - Head of Gas&Power Predictive Department

Matthieu provided Predictive Layer with high standard quality product from front-end point of view. He developed several products used live by our customers to consume the forecasts produced by our company. He is serious and always delivers on time, taking into account our requirements. I would highly recommend him as a service provider for any front application needed.

Matthieu Saussaye

Pulse Partners - CEO

I hired Matthieu for our SmartInterview interface. Thanks to his skills, we were able to greatly improve the design and ease of use for our users. Thank you for everything!

Genève, le 6 décembre 2024

Objet : Lettre de recommandation pour Matthieu VAGNON

Madame, Monsieur,

Je me permets de vous adresser cette lettre pour vous recommander chaleureusement Matthieu Vagnon, avec qui j'ai eu le plaisir de collaborer au cours des deux dernières années sur plusieurs projets front-end dans le cadre de mon entreprise Predictive Layer.

En tant que développeur front-end freelance, Matthieu s'est distingué par son expertise technique, sa créativité et son engagement envers la réussite des projets qui lui ont été confiés. Il a notamment démontré une parfaite maîtrise des technologies telles que TypeScript, Next.js, Git, Figma, React, ainsi qu'une capacité à s'adapter rapidement à nos outils et processus.

Matthieu a aussi démontré un vrai talent pour développer des interfaces utilisateurs ergonomiques et performants, en concevant et intégrant également des visuels plaisants et adaptés.

Au-delà de ses compétences techniques, Matthieu se distingue également par son professionnalisme, sa rigueur et une grande facilité à comprendre les besoins spécifiques des projets sur lesquels il travaille.

Je suis convaincu que Matthieu Vagnon saura apporter une valeur ajoutée à tout projet ou à toute équipe qui fera appel à ses services. Je recommande donc ses compétences sans réserve et reste à votre disposition pour toute information complémentaire.

Vous pouvez me joindre par email à serge.rigori@gmail.com

Veuillez agréer, Madame, Monsieur, l'expression de mes salutations distinguées.

Serge Rigori
